Safe retraction, full protection

PROVIDING SPECIALISTS WITH
INNOVATIVE
HEALTHCARE SOLUTIONS

WITH THE CENTRAL FOCUS ON
PATIENTS' SAFETY AND USERS' COMFORT

RingProtect™ - Disposable Wound Protector/ Retractor

RingProtect™ Disposable Wound Protector/ Retractor is a great solution designed to retract surgical wound during surgery what exposes internal organs for operation and helps protect wound site from bacterial contamination or tumor cells implantation what provides substantial cost savings. Circumferential elastic retraction maximizes the working area for better visualization and increased exposure. RingProtect™ Disposable Wound Protector/ Retractor is perfect choice for all abdominal procedures as well as for thoracic and cardiac ones. Seamless and hassle-free conversion process when switching from competitive products to Grena RingProtect™ Disposable Wound Protector/ Retractor, as no clinical technique changes are required.
