SURGICAL STAYS

12mm Blunt Hook

Ref. No. 4012R

5mm Sharp Hook

Ref. No. 4005S

5mm Blunt Hook

Ref. No. 4005B

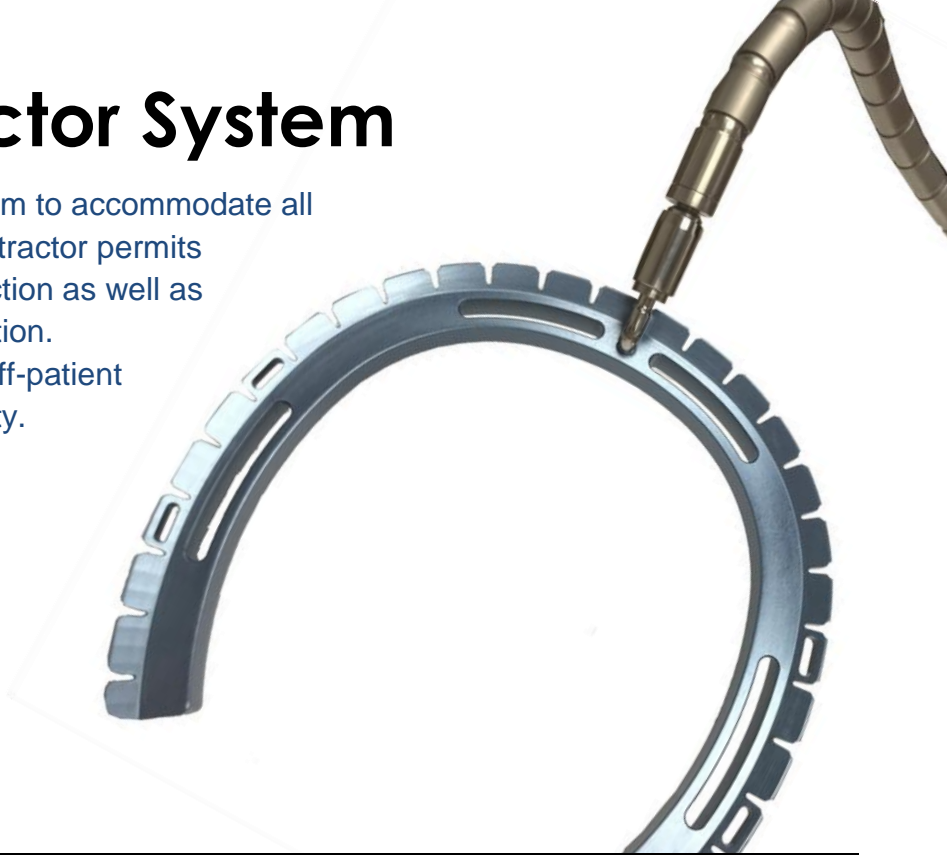

- Dynamic retraction for skin/superficial as well as deep retraction requirements
- Retractor ring offers versatility for all surgical procedures
- Reusable ring is cost-effective
- FlexArm™ Plus Holding & Positioning System affords maximum stabilization

MAXIMUM VERSATILITY • DEEP RETRACTION

DynaTrac™ Retractor System

Mediflex offers a versatile retraction system to accommodate all surgical requirements. The DynaTrac Retractor permits use of Surgical Stays for superficial retraction as well as surgical blade attachment for deep retraction. FlexArm™ Plus can be incorporated for off-patient positioning and maximum retractor stability.
