M/L-10™

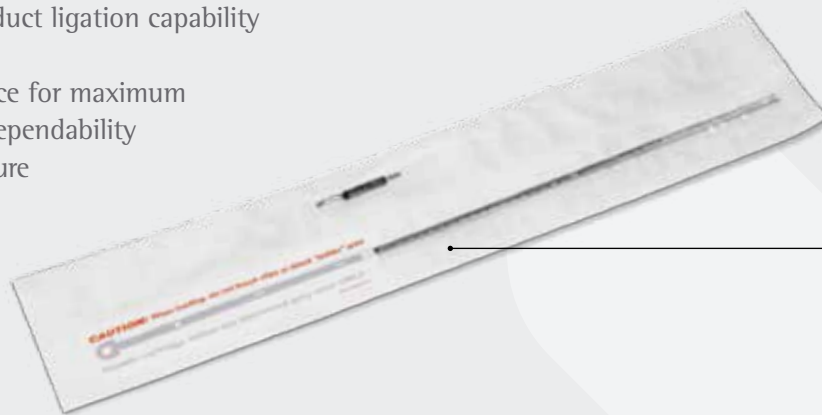

MULTI-FIRE LAPAROSCOPIC CLIP APPLIER

The M/L-10 Clip Applier is a reusable multi-fire device with a high-quality reusable handle. It employs disposable cartridges that contain 19 implant-grade titanium clips, the last two of which are color-coded.

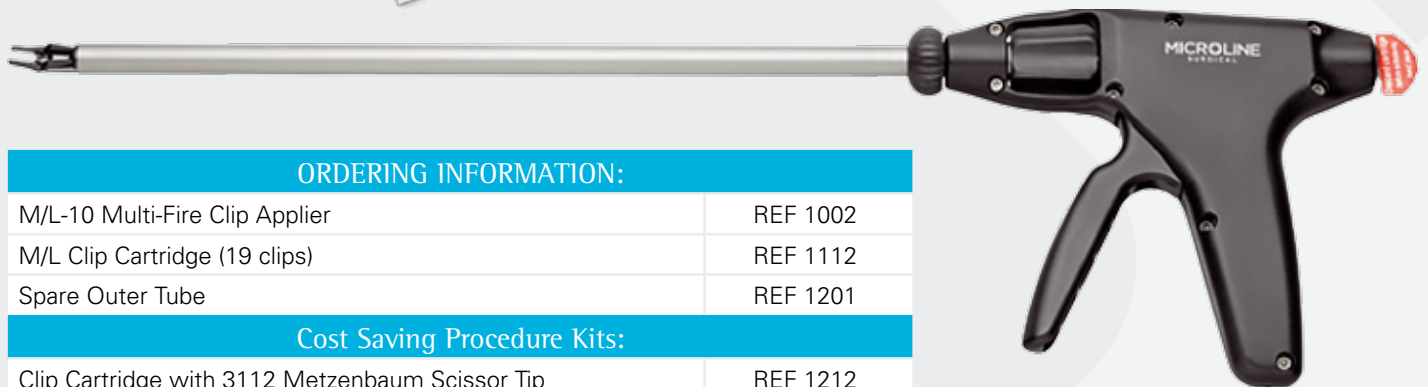

Ligating Clip Cartridge

- + Unique cross pattern design
- + 2 to 5 mm vessel/cystic duct ligation capability
- + Surgical-grade titanium
- + Tips-first closure sequence for maximum ligating capability and dependability
- + Consistent, uniform closure

Procedure Kit
