

Single Hand Tissue Tunneling

Pinky TRIGGER

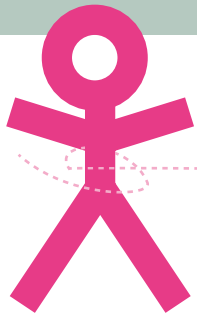

The difference makes it happen.

*Pinky*TRIGGER

 **BARIATRIC
SOLUTIONS**

- single hand operation
- dynamic blunt dissection
- validated Sterilisation process

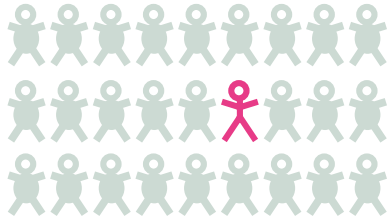

- reusable
- 130° curvature
- cost effective

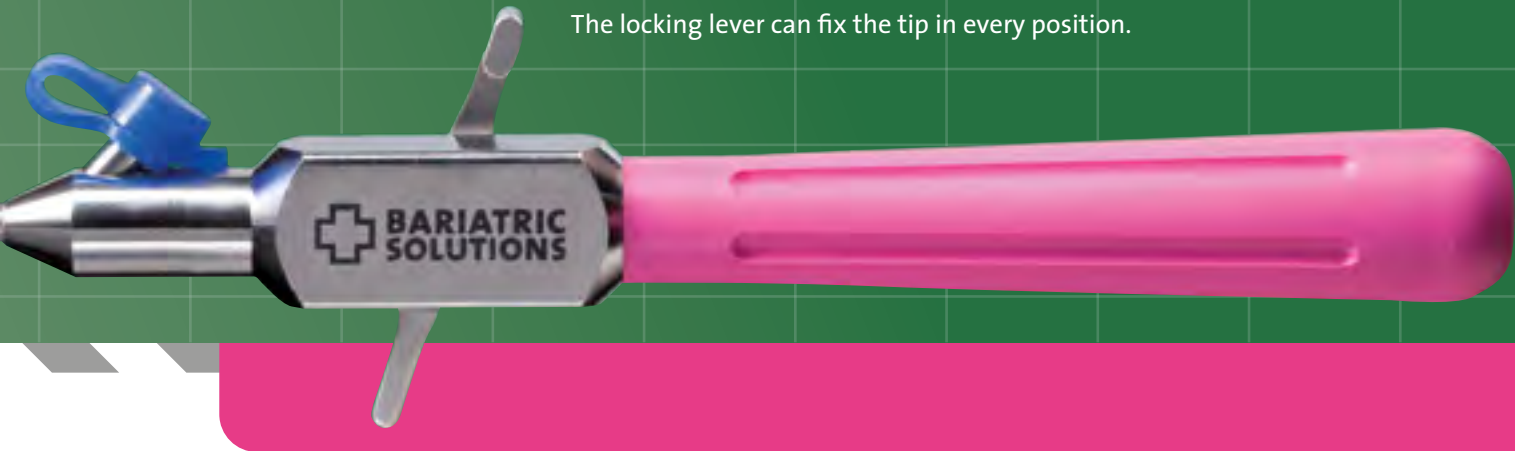

The PinkyTrigger laparoscopic 5mm instrument is easy to use.

With the dynamic lever one can curve the tip of the instrument to a maximum angle of 130° in an uninterrupted fashion.

The Pinky Trigger has a direct transmission from handle to tip and allows for back and forth movement of the tip.

The PinkyTrigger is validated for sterilisation by various international standards.

The locking lever can fix the tip in every position.
